Sandy Chilewich introduced her first woven textiles into the tabletop industry over a decade ago. Since that time, her growing signature collection has altered how we dress our tables at home and in the restaurants and hotels we visit around the world.

The to-the-trade hospitality division makes available a collection of innovative tabletop products specifically for use in hotels, clubs and restaurants.

Chilewich | Sultan LLC is passionate about design innovation. The firm creates modern, durable and easy-to-clean textiles for a remarkable range of applications. The durability of the yarn, its tremendous design versatility and the fact that it is washable helps hotels and restaurants reduce both energy use and costs while maintaining a modern aesthetic.

Tablemats and runners are offered in an extensive range of standard styles, sizes, colors and textures. Custom sizes including tray liners and table covers are available to complement the tabletop offerings.

Unique in its custom-sizing capabilities, Chilewich delivers made-to-order tabletop items or room service tray liners with unprecedented speed because the manufacturing is done in-house. Please refer to pgs 26-27 for more info about custom capabilities.

Founder and Creative Director, Sandy Chilewich, with her husband and partner, Joe Sultan, have a design and sales office in New York City and a warehouse and manufacturing facility in Georgia. Chilewich | Sultan LLC trade divisions include Chilewich Wholesale, Chilewich Contract and Chilewich Hospitality.

The award-winning Chilewich | Sultan LLC products are made almost exclusively in the U.S. and sold worldwide.

MAINTENANCE INSTRUCTIONS

TABLEMATS

Be sure to store Chilewich® Placemats flat. Do not fold or allow them to crease. Chilewich® Placemats are easily cleaned with soap and water. A damp cloth or sponge is all that is necessary. We do not recommend running placemats through a dishwasher.

Permanent stains may result when certain food or liquids are left on the tablemat for long periods before cleaning. This is more likely to occur with our lighter color textiles.

Should a stubborn stain occur, Woven vinyl is very durable and can withstand aggressive scrubbing with a bleach-based cleanser. This will remove most stains without altering the fabric. (Please Note, though durable, due to portions of Tuxedo Stripe's open weave, please be more careful when caring for this style.)

Do not iron. This is a vinyl product. A high temperature sanitizer can be used up to once a week to sanitize the placemats.
